ARCHITECTURAL WORKSHOPS : HELPING THE LOCAL COMMUNITY  
АРХИТЕКТОНСКИ РАБОТИЛНИЦИ : ВО ПОТКРЕПА НА ЛОКАЛНАТА ЗАЕДНИЦА

This year's session of the Summer School will engage in helping the local community through the work of four separate, yet connected workshops. The workshops will deal with different projects that are of importance to the local community in Kiva Palanka. The workshops will aim at presenting draft projects which the local community will use in its future plans for reconstruction of the existing housing stock. This will ensure both full relevance of the projects and an immediate "real world" experience for the participants. The session will take place from July 06th to 13th, 2003 in the monastery of St. Joachim (Сопотска), near Kiva Palanka.

**The workshops will be headed by:** Alen Vodopivec (Slovenia), Christos Papoulas (Greece), Walter Unterwiesner (Austria) and Dooce Adzi Mitreski and Donenka Borkova (R. Macedonia)

**Course Director:** Vlatko P. Kamber
